**Re: Ex Parte Notice – ET Docket No. 02-305, RM-10331, Amendment of
Parts 2, 25 and 87 of the Commission’s Rules – Filed Electronically**

Dear Ms. Dortch:

Pursuant to Sections 1.1206(a) and (b)(2) of the Commission’s Rules, AirTV Limited (“AirTV”) submits this letter electronically to report on a meeting held today with members of Commission staff by AirTV representatives Robert Sorbello, Charles Sampson, Donald Jansky and James Talens. In attendance were staff members Thomas Tycz, Karl Kensinger, Robert Nelson, Mark Young and Selina Khan, of the International Bureau; and Geraldine Matise and Thomas Derenge of the Office of Engineering and Technology.

AirTV conducted a visual presentation that contained information regarding operational and regulatory aspects of its proposed satellite system. A copy of that presentation is attached to this letter. AirTV reiterated issues contained in its pleadings in this proceeding, clarifying that its provision of cockpit communications will be limited to the transmission of maps and other diagrammatic materials supplemental to the provision of necessary conduct of flight information. AirTV further clarified that it will accept the risk of interference from other U.S. terrestrial co-primary users of the spectrum it proposes to use, subject to Commission Rules and policies.

Respectfully submitted,

Robert M. Sorbello
